

1 MEDIATION What about a pet rabbit?

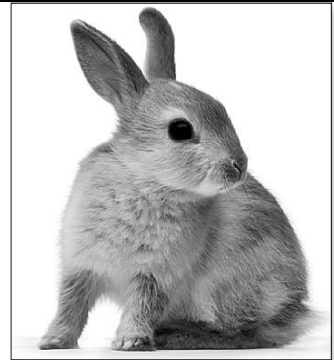

You want to have a rabbit. You found this pet card on the RSPCA website and want to tell your parents more about rabbits. Answer their questions in German.

The right pet for you?

Rabbits are difficult to look after.

What do rabbits need?

- They like to be together with other rabbits or people.
- Grass, rabbit pellets, apples, carrots and hay are good for them.
- Feed a rabbit every day and give it fresh, clean water regularly.
- Very important, they need a big hutch out of direct sunlight and strong winds. Keep them indoor in cold weather.
- Each animal needs its own sleeping place.
- You have to clean their hutch every day and change the sleeping place every week.
- If your rabbit has long hair, brush it every day.
